The Competition Rules regulate and govern all matters pertaining to Taekwondo competition at all levels sanctioned or promoted by NTA. However, the following special section of the Junior Competition (Safety) Rules (which will be referred to as “Junior Safety Rules” hereafter) shall further apply to junior sparring divisions as stated below.

***General Rules for Head Contact**

Color belts no head contact.

Black belts allowed head contact with consent of each other’s coaches in the regular division.

1 Minute 2 Round each Game (It can be changed depending on the situation)

| Age | Belt Color | Rules |
|------------|--|------------------------------------|
| 6 and 7 | All Belt | No Head Contact |
| 8 and 9 | Yellow to Red Black Belt | No Head Contact No Head Contact |
| 10 and 11 | Yellow to Red Black Belt | No Head Contact No Head Contact |

| 15 to 17 | Yellow to Red All Black Belt | No Head Contact Adult Rules |
| 18 to 32 | Yellow to Red All Black Belt | No Head Contact Adult Rules |
| 33 + | All Belt | No Head Contact |

1. In National Qualifier and National Championships sparring competition, the rules concerning a kick to the face shall be as follows:

- a. Any technique, which causes injury to the head area will result in a one-point penalty by the referee (“Gam-jeom”).
- b. If the competitor cannot continue because of the injury to the head area, the attacker will be disqualified.

NOTE: Inability to continue because of fright, crying or loss of will following a kick to the head, which did not cause injury does not constitute grounds for disqualification of the attacker.

C.

1. In National Qualifiers and National Championship sparring competition, the Senior Black Belt adult rules shall apply for these divisions.

Excessive contact to the facial or head area:

Even in the absence of visible injury, such as slight bleeding or abrasion, the referee may deem the contact to be excessive, and declare the appropriate penalty.

Where Junior Competition Rules are in effect per Article 1.B above, the competitor who executes a successful technique to the face (light contact without causing any injury) shall be awarded three points. This is to better align with current WT standards; however, the criteria for “excessive contact” will continue to be strictly enforced.

8- Count

Under Junior Competition Rules, the referee should NOT give 8-count for ANY technique, even a legal one, to the head area; if a kick to the head is powerful enough to warrant an 8-count, it should be considered excessive, and the appropriate penalty should be declared. However, the referee can and should begin an 8-count for a legal kick to the trunk area that results in a knockdown condition.

Turning Kicks

Successful turning kicks to the body shall be awarded two points in all sparring divisions.

1. Permitted Technique

- 1) Fist techniques: Delivering a punch using the tightly clenched fist.
- 2) Foot techniques: Delivering techniques using any part of the foot below the anklebone.

2. Permitted Areas

- 1) Trunk: Attack by fist and foot techniques on the areas covered by the trunk protector are permitted. Attack to the spine, however, is not permitted.

Fist Techniques:

Striking with the correctly clenched fist is permitted without consideration of the angle, trajectory, or fist placement of the strike.

Foot techniques:

Any striking techniques using any part of the foot below the anklebone are legal. Attacks using any part of the leg above the anklebone, i.e., the shin, knee, etc., are not permitted.

Trunk:

As depicted in the following illustration, the area covered by the trunk protector between the armpit and the pelvis is the legal attacking area. Thus, trunk protector should be worn according to the rule on the size of trunk protector for each weight category and the physique of each contestant.

Valid Points

1. Legal Scoring Areas

- 1) Body: The blue or red covered area of the trunk protector.

2. Points shall be awarded when permitted techniques are delivered accurately and powerfully to the legal scoring areas.

3. The valid points are divided as follows:

One (2) point for a valid attack on trunk protector

Four (4) points for a valid turning kick to the trunk protector./ Four (4) points for a Back Kick to the trunk protector.

4. Match score shall be the sum of points of the three rounds.

5. Invalidation of points: When a contestant scores through the use of a prohibited act, the point(s) scored shall be annulled.

Guidelines for Officiating:

Accurately:

This means the proper aspect of a legal attacking technique, fully contacting the opponent within the designated limits of a legal target area.

Powerfully:

a. Trunk protector not equipped with electronic sensor: Sufficient power is demonstrated as the opponent's body is abruptly displaced by the impact of the strike.

b. In the use of electronic Protector and Scoring System: Force of impact is measured by the PSS, with the level of force by which points are scored varying by weight division and gender.

Prohibited Acts

1. Penalties shall be declared by the referee for any prohibited acts.
2. Penalties is "Gam-jeom" (deduction penalty).
3. A "Gam-jeom" shall be counted as an additional point for the opposing contestant.

1. Prohibited acts

1) The following acts shall be classified as prohibited acts, and "**Gam-jeom**" shall be declared.

a. Attacking the opponent after "Kal-yeo"

b. Attacking the fallen opponent

c. Throwing the opponent by grabbing or hooking the attacking foot in the air or by pushing the opponent with the hand.

d. Intentionally attacking the opponent's face with the hand

e. A coach or contestant interrupting the progress of the match

f. Violent or extreme remarks or behavior on the part of a contestant or a coach

g. Intentionally avoiding match

h. In case of using PSS, before each round of competition, the referee shall check whether any attempts were made to manipulate the scoring system and/or increase sensitivity of the sensing socks, or any other method. In the event that the referee finds intentional manipulation, the referee shall reserve the right to give "Gam-jeom" to the pertinent contestant and shall reserve the right to declare the violating athlete as the loser by penalty based on the degree of seriousness of the violation.

b. Avoiding or delaying the match

This act involves stalling with no intention of attacking. A contestant who continuously displays a non-engaging style shall be given a penalty. However, the referee shall distinguish intentional avoidance from tactical defense, and the penalty shall not be given for tactical defense. If both contestants remain inactive after five (5) seconds, the center referee will signal the "Fight" command. A "Gam-jeom" will be declared: On both contestants if there is no activity from them 10 seconds after the command was given; or, on the contestant who moved backwards from the original position within 10 seconds after the command was given. Turning the back to avoid the opponent's attack should be punished, as it expresses the lack of a spirit of fair play and may cause serious injury. The same penalty should also be given to evading the opponent's attack by bending below waist level or crouching.

"Pretending injury" means exaggeration injury or indicating pain in a body part not subjected to a blow for the purpose of demonstrating the opponent's actions as a violation, and also exaggerating pain for the purpose of elapsing the match time. In this case, the referee shall give the indication to continue the match to the contestant two times in five (5) seconds intervals, and then shall give a "Gam-jeom" penalty unless the contestant follows his/her instructions.

Attacking the fallen opponent (Gam-Jeom)

This action is extremely dangerous due to the high probability of injury to the opponent.

The danger arises from the following:

- The fallen opponent is in an immediate defenseless state.
- The impact of any technique which strikes a fallen contestant will be greater due to the contestant's position. These types of aggressive actions toward a fallen opponent are not in accordance with the spirit of Taekwondo and as such are not appropriate to Taekwondo competition. In this regard, penalties should be given for intentionally attacking the fallen opponent regardless of the degree of impact. A Gam-jeom penalty should also be given in case a contestant pretends to attack a fallen opponent.
- Throwing the opponent by grabbing or hooking the attacking foot in the air or by pushing the opponent with the hand or action to interfere with the opponent's attack by grappling the opponent's foot in the air or pushing with the hand.

Intentionally avoiding the match: (Gam-Jeom)

In case that a competitor intentionally turns the back and steps away from the opponent to avoid the attack of the opponent, the referee shall give "Gam-jeom". If the referee finds that the action was resulted from obvious lack of spirit of fair play and sportsmanship, the referee may report to the Technical Delegate after the contest for consideration of further sanction against the competitor.

- b. Demonstration of Taekwondo Skill & Presentation (40%)
- c. Breaking (30%)

If a competitor fails to break any boards at all, the total score for Difficulty of Techniques and number of Boards Broken is "0" The competitor still receives a score for Presentation.

Difficulty

Difficulty is individually assessed by each judge on a scale of 1.0 to 3.0 based on the judge's consideration of the difficulty of the overall performance. Here are guidelines for assessing difficulty:

- a. **Difficulty of Kicking Techniques will be assessed on the following order of superiority:**
 1. Standing kick technique
 2. Kicking technique with turning motion
 3. Jumping or flying kick technique
 4. Jumping or flying kick with turning motion (the greater the number of rotations, the higher the assessed difficulty)
 5. Multiple breaking using jumping or flying kick

- C. **Suspended holding ("i.e., "speed breaking") is considered more difficult than fixed holding.**
- d. **Demonstration of Taekwondo skill will be based on Accuracy, Speed and Presentation.**
 1. **Accuracy:** Breaking on the first attempt is superior to breaking on the second attempt, and breaking at the center of the board is superior to breaking off-center.
 2. **Speed:** Rapid, smooth, continuous motion is superior to taking extra time between breaks.
 3. **Presentation:** In addition to displaying correct Taekwondo technique, this includes confidence, balance, rhythm, smoothness of performance and good competition manner from entrance into the contest area through the completion of the performance.

E. Declaration of Penalties

One deduction penalty is equal to 0.5 point. Deduction penalties will be declared by the referee after the performance is completed by stating the number of deductions, and what they are for. (Example: "Two deductions for exceeding performance time by 16seconds", "Two deductions for going out of the contest area.")

F. Decision and Declaration of Winner

The winner shall be the contestant who is awarded the highest mean score (calculated to two decimal points.)

When using the five judge system, the highest and lowest scores will be dropped from the final total then a mean score calculated by dividing by 3.00. With the three judge system, all scores will be used then a mean score calculated by dividing by 3.00.

In case of a tie, the winner will be selected based on the combined Performance score. If still tied:

1. Five judge system – The highest and lowest scores will be added back in, and then a mean score calculated by dividing by 5.0000 to select the winner.
2. Three judge system – The competitor with fewer Technical Deductions will be the winner.
3. If the competitors remained tied after the above tie-breaking conditions, the competitor with highest total Presentation points will be the winner.
