\*In National Qualifiers and National sparring competition, **the rules concerning a kick to the face shall be as follows:**

- a. Any technique, which causes injury to the head area will result in a one-point penalty (“Gam-jeom”).
- b. If the competitor cannot continue because of the injury to the head area, the attacker will be disqualified.

NOTE: Inability to continue because of fright, crying or loss of will following a kick to the head, which did not cause injury does not constitute grounds for disqualification of the attacker.

\*In National Qualifiers and National Championship sparring competition, **the Senior Black Belt adult rules shall apply for these divisions:**

Excessive contact to the facial or head area:

Even in the absence of visible injury, such as slight bleeding or abrasion, the referee may deem the contact to be excessive, and declare the appropriate penalty.

Where Junior Competition Rules are in effect, the competitor who executes a successful technique to the face (light contact without causing any injury) shall be awarded three points. This is to better align with current WT standards; however, the criteria for “excessive contact” will continue to be strictly enforced.

8- Count

Under Junior Competition Rules, the referee should NOT give 8-count for ANY technique, even a legal one, to the head area; if a kick to the head is powerful enough to warrant an 8-count, it should be considered excessive, and the appropriate penalty should be declared. However, the referee can and should begin an 8-count for a legal kick to the trunk area that results in a knockdown condition.

## Turning Kicks

Successful turning kicks to the body shall be awarded two extra points in all sparring divisions.

### 1. Permitted Technique

- 1) Fist techniques: Delivering a punch using the tightly clenched fist to the chest.
- 2) Foot techniques: Delivering techniques using any part of the foot below the anklebone.

### 2. Permitted Areas

- 1) Trunk: Attack by fist and foot techniques on the areas covered by the trunk protector are permitted. Attack to the spine, however, is not permitted.
- 2) Head: This is the area above the collarbone. Only foot techniques are permitted.

## Fist Techniques:

Striking with the correctly clenched fist is permitted without consideration of the angle, trajectory, or fist placement of the strike.

## Foot techniques:

Any striking techniques using any part of the foot below the anklebone are legal. Attacks using any part of the leg above the anklebone, i.e., the shin, knee, etc., are not permitted.

## Trunk:

The area covered by the trunk protector between the armpit and the pelvis is the legal attacking area. Thus, trunk protector should be worn according to the rule on the size of trunk protector for each weight category and the physique of each contestant.

## Face:

The area above the collarbone.

## Valid Points

### 1. Legal Scoring Areas

- 1) Body: The blue or red covered area of the trunk protector.
- 2) Head: The area above the chin (i.e., the whole part of the head, including both ears and the back of the head.)

2. Points shall be awarded when permitted techniques are delivered accurately and powerfully to the legal scoring areas.

3. The valid points are divided as follows:

- One (1) point for a valid fist technique on trunk protector. Two (2) points for a valid attack on trunk protector with a direct foot technique.
- Four (4) points for a valid turning kick to the trunk protector./ Four (4) points for a Back Kick to the trunk protector. Three (3) points for a valid kick to the head.
- Four (5) points for a valid turning kick to the head.

4. Invalidation of points: When a contestant scores through the use of a prohibited act, the point(s) scored shall be annulled.

## Guidelines for Officiating:

### Accuracy:

This means the proper aspect of a legal attacking technique, fully contacting the opponent within the designated limits of a legal target area.

### Power:

- a. Trunk protector not equipped with electronic sensor: Sufficient power is demonstrated as the opponent's body is abruptly displaced by the impact of the strike.
- b. In the use of electronic Protector and Scoring System: Force of impact is measured by the PSS, with the level of force by which points are scored varying by weight division and gender.

## Prohibited Acts

1. Penalties shall be declared by the referee for any prohibited acts.
2. Penalties is "Gam-jeom" (deduction penalty).

3. A “Gam-jeom” shall be counted as an additional point for the opposing contestant.

The following acts shall be classified as prohibited acts, and “Gam-jeom” shall be declared. a.

Attacking the opponent after “Kal-yeo”

- b. Attacking the fallen opponent
- c. Throwing the opponent by grabbing or hooking the attacking foot in the air or by pushing the opponent with the hand.
- d. Intentionally attacking the opponent's face with the hand
- e. A coach or contestant interrupting the progress of the match
- f. Violent or extreme remarks or behavior on the part of a contestant or a coach g.

Intentionally avoiding match

- h. In case of using PSS, before each round of competition, the referee shall check whether any attempts were made to manipulate the scoring system and/or increase sensitivity of the sensing socks, or any other method. In the event that the referee finds intentional manipulation, the referee shall reserve the right to give “Gam-jeom” to the pertinent contestant and shall reserve the right to declare the violating athlete as the loser by penalty based on the degree of seriousness of the violation.

#### **Avoiding or delaying the match**

This act involves stalling with no intention of attacking. A contestant who continuously displays a non-engaging style shall be given a penalty. However, the referee shall distinguish intentional avoidance from tactical defense, and the penalty shall not be given for tactical defense. If both contestants remain inactive after five (5) seconds, the center referee will signal the Fight” command. A “Gam-jeom” will be declared: On both contestants if there is no activity from them 10 seconds after the command was given; or, on the contestant who moved backwards from the original position within 10 seconds after the command was given. Turning the back to avoid the opponent's attack should be punished, as it expresses the lack of a spirit of fair play and may cause serious injury. The same penalty should also be given to evading the opponent's attack by bending below waist level or crouching. “Pretending injury” means exaggeration injury or indicating pain in a body part not subjected to a blow for the purpose of demonstrating the opponent's actions as a violation, and also exaggerating pain for the purpose of elapsing the match time. In this case, the referee shall give the indication to continue the match to the contestant two times in five (5) seconds intervals, and then shall give a “Gam- jeom” penalty unless the contestant follows his/her instructions.

#### **Attacking the fallen opponent (Gam-Jeom)**

This action is extremely dangerous due to the high probability of injury to the opponent. The danger arises from the following:

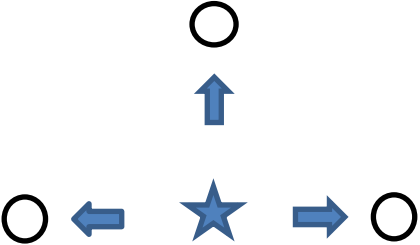

- The fallen opponent is in an immediate defenseless state.
- The impact of any technique which strikes a fallen contestant will be greater due to the contestant's position. These types of aggressive actions toward a fallen opponent are not in accordance with the spirit of Taekwondo and as such are not appropriate to Taekwondo competition. In this regard, penalties should be given for intentionally attacking the fallen opponent regardless of the degree of impact. A Gam-jeom penalty should also be given in case a contestant pretends to attack a fallen opponent.
- Throwing the opponent by grabbing or hooking the attacking foot in the air or by pushing the opponent with the hand or action to interfere with the opponent's attack by grappling the opponent's foot in the air or pushing with the hand.

#### **Intentionally avoiding the match: (Gam-Jeom)**

In case that a competitor intentionally turns the back and steps away from the opponent to avoid the attack of the opponent, the referee shall give “Gam-jeom”. If the referee finds that the action was resulted from obvious lack of spirit of fair play and sportsmanship, the referee may report to the Technical Delegate after the contest for consideration of further sanction against the competitor.

• **Breaking**

In Breaking competition, competitors use powerful, correctly executed Taekwondo hand and foot techniques to break wooden boards. The established techniques per belt division are as below

<p><b>Board Break Divisions</b>  <u>Under 12 years old: 3 boards per technique (9 boards total).</u>  <u>12 years old and above: 4 boards per technique (12 boards total).</u></p> <p><b>Breaking Setup – This formation cannot be changed.</b></p> 	<p><b>Breaking Techniques</b></p> <p><b>White to Purple Belt</b>          ~ Station 1: Any type of Front Kick          ~ Station 2: Any type of Axe Kick          ~ Station 3: Any type of Push or Roundhouse Kick</p> <p><b>Red to Red/Black Belt</b>          ~ Station 1: Any type of Side Kick          ~ Station 2: Any type of Back Kick          ~ Station 3: Any type of Hook Kick</p> <p><b>Black Belt</b>          ~ Freestyle Breaking. 5 stations only.  <u>Each technic is limited to 3 boards. Total 15 Boards</u></p> <p><b>*Boards must be held by Masters and Instructors.</b></p>
---	---

Competitors are expected to display technical skills and proper Taekwondo Manner. **Competitors must purchase their boards at the venue from the certified vendor (Board Sizes: 8X11 - 1/2")**

1. For the Black Belt division, competitors may choose the 5 techniques, for 5 stations. Any Taekwondo striking or kicking technique.
2. Competitors and helpers will have **90 seconds** to set up, perform the breaking routine and clean up all boards, broken boards and wood fragments. Exceeding the time limit will result in 0.5 point deduction in the final score for each 10 seconds, or fraction thereof, over the time.
3. **There is a maximum of two attempts for each break.** Failure to break all of the boards in a single attempt will result in 0.2 deduction for each missed board. Failure to complete the break after two attempts will result in a 0.5 point deduction in the final score, in addition to the penalties for missed boards. A "Broken Board" is defined as one that is a. completely separated: b. held together only by wood strands, such that if one side is held horizontal, the other side naturally drops perpendicular to the floor.
4. The performance must be confined to the 8X8 competition area. A competitor who crosses the boundary line with both feet will receive a 0.5 point deduction for each violation.
5. Competitors are expected to display self-control and good competition manners. A display of poor sportsmanship (profanity, etc.) may be penalized by either 0.1 Or 0.5 depending upon severity.

**Scoring Guidelines for Breaking Competition.**

Judging will be based on Three Criteria:

- a. Difficulty (30%)
- b. Demonstration of Taekwondo Skill & Presentation (40%)
- c. Breaking (%30)

If a competitor fails to break any boards at all, the total score for Difficulty of Techniques and number of Boards Broken is "0" The competitor still receives a score for Presentation.

\*Difficulty

Difficulty is individually assessed by each judge on a scale of 1.0 to 3.0 based on the judge's consideration of the difficulty of the overall performance. Here are guidelines for assessing difficulty:

- A. Difficulty of Kicking Techniques will be assessed in the following order of superiority:
1. Standing kick technique
  2. Kicking technique with turning motion
  3. Jumping or flying kick technique
  4. Jumping or flying kick with turning motion (the greater the number of rotations, the higher the assessed difficulty)
  5. Multiple breaking using jumping or flying kick
  6. Multiple breaking spinning jumping or flying kick
- B. Difficulty of Hand Techniques be assessed on the following order of superiority:
1. Basic skills such as straight or reverse punch, palm heel strike and hammer fist
  2. More technical skills such as knife hand strike, ridge hand strike and back fist
  3. Advanced skills such as spear finger strike, long punch, chicken beak strike, etc.
- C. Suspended holding (“i.e., “speed breaking”) is considered more difficult than fixed holding.
- D. Demonstration of Taekwondo skill will be based on Accuracy, Speed, Presentation and Power.
1. Accuracy: Breaking on the first attempt is superior to breaking on the second attempt, and breaking at the center of the board is superior to breaking off-center.
  2. Speed: Rapid, smooth, continuous motion is superior to taking extra time between breaks.
  3. Presentation: In addition to displaying correct Taekwondo technique, this includes confidence, balance, rhythm, smoothness of performance and good competition manner from entrance into the contest area through the completion of the performance.
  4. Power: It will be determined based on the number of boards broken at each station. Each station will be limited to 3 boards.
- E. Declaration of Penalties
- One deduction penalty is equal to 0.5 point. Deduction penalties will be declared by the referee after the performance is completed by stating the number of deductions, and what they are for. (Example: “Two deductions for exceeding performance time by 16 seconds”, “Two deductions for going out of the contest area.”)
- F. Decision and Declaration of Winner
- The winner shall be the contestant who is awarded the highest mean score (calculated to two decimal points.) When using the five judge system, the highest and lowest scores will be dropped from the final total then a mean score calculated by dividing by 3.00. With the three judge system, all scores will be used then a mean score calculated by dividing by 3.00. In case of a tie, the winner will be selected based on the combined Performance score. If still tied:
1. Five judge system – The highest and lowest scores will be added back in, and then a mean score calculated by dividing by 5.0000 to select the winner.
  2. Three judge system – The competitor with fewer Technical Deductions will be the winner.
  3. If the competitors remained tied after the above tie-breaking conditions, the competitor with highest total Presentation points will be the winner.

- "Char-yeot" (attention)
- "Kyeong-rye" (bow)

	Expression of energy	2.0

### Deduction

a. Major mistakes will result in a 0.3-point deduction from the athlete's total score. Finishing a performance outside the allotted time (less than 30 seconds or more than 90 seconds) will also result in a major deduction.

b. Minor mistakes will result in a 0.1-point deduction from the athlete's total score.

### Decision of Winner

a. The winner shall be the athlete who earns the highest total score at the end of the final round.

b. Tied Score

i. In the case of a tie, the winner shall be the athlete with the higher presentation score.

iii. If the tie still persists, a rematch will be conducted to determine the winner.

\* Previous scores will not carry over into the rematch.

If the rematch also ends in a tie, the athlete with the highest total inclusive score in the rematch will be declared the winner.

If the tie persists, additional rematches will be conducted until a winner is determined.
